Friends and friendship are the order of the day.

Grab a friend, or family member, and join NPL and the Sciencenter to work together to design, build, and test your own water wheel this **Wednesday, August 26 from 2 pm till 4 pm** at our outdoor Makerspace!

Engineering challenges allow you to get creative, test out your ideas, and learn while having fun. This Build a Water Wheel activity is a hands-on way for kids and families to explore the science and history of the power of water.

Register on our website and indicate the number of people that plan to attend and whether you want to attend in person outside the library (behind the Masonic Temple) or from home via Zoom. Take home kits will be provided for families that would like to participate from home.

Summer Reading Stats

Did you know that we have **113 community members** enrolled in our *Imagine Your Story* Summer Reading Program?

Of the participants that have reported their reading progress to us so far, we have read:

- **241 books**
- **5,228 minutes (over 85 hours)**
- **1609 pages**

A total of **8 participants** have reached their goal of **1000 points!**

We have received **4 completed BINGO cards**, all of which get a chance to win a \$50 Barnes and Noble gift card.

There are many other opportunities to win a prize so submit your reading log in READSquared or drop it off to us this week.

Keep up the great work! Remember, all reading counts!

Jayne P.'s Parachute Person clocked an impressive 5 second float from a 10 foot drop.
