## POWERHOUSE VISIT

On Sunday, May 16th our community explored the [tiny home's](#) interactive exhibits on energy efficiency measures, heat pumps, and going solar. Visitors also learned about [grants and incentives](#) available to help cover the cost of home energy improvements and clean heating and cooling technologies for eligible households.

Across the street library staff handed out free ice cream and gave tours of the [Newfield History and Activity Center](#). The ice cream was paid for by a generous donor.

## SPRING ART SHOW

The Library is thrilled to host the Newfield High School 2021 Spring Art Show presented by the Newfield High School Art Department. ## SUMMER READING

The entire community is invited to participate in our 2021 Summer Reading program that kicks off in July. This year's theme is "Tails and Tales" and we can't wait to share all the events and activities we have planned including an author visit with David Kirk and a free cooking camp for teens. Sign-ups will start later in June so keep watch on our website!

## EVERYTHING'S COMING UP...

April showers brought all kinds of May flowers! Our Planting Kits were a huge success and the seeds have sprouted. Folks were encouraged to send in their best guess as to what their seeds would become. There is still time to send in your guess to win a goody bag. Email us your photos and guesses with "Planting Kit" in the subject line.
